ELECTRICAL AND MECHANICAL SERVICE

Ebemglobal Ghana Limited performs skilled mechanical maintenance at an advance level on typical mechanical equipment on offshore oil and Gas installations and vessels. Our electricians are specialized on maintenance of electrical equipment on a gas or oil rig, barges or ships, or a wind farm in the ocean. Our team of specialist have vast experiences in and around,

Thermal Load Calculations, Firefighting equipment, Various Pipelines, Gas plant & vessel incinerator, preventative maintenance, handling repair, Application and System Analysis, Building Energy Analysis Life Cycle Cost Analysis, Computational Fluid Dynamics (CFD), Hydronics, Air and Steam, Custom Air Handling Systems, Humidity Control Systems, Radiant Cooling and Heating Systems, Control Systems, Water- and Air-Cooled Chilled Water Generation, Hot Water Generation, Steam Generation,

District Distribution Infrastructure, Cogeneration Plants, Trigeneration Plants, Modular Mechanical Rooms, Plant Control Systems, Lighting Control, Computer Generated Calculations, Energy Analysis and LCCA, Site Lighting Design,

Light Pollution Control, Facade Lighting, General Lighting Layout, Emergency Lighting,

Accent and Architectural Solutions, Automation and Monitoring, Fire Alarm, Load Calculations,

Application and System Analysis, Service Design, Utility Coordination, Switching and Metering,

Emergency and Standby Generators, Power Quality, Low and Medium Voltage Distribution,

Reliability and Coordination, Lightning Protection, Arc Flash, Short-Circuit and Load Flow and may more area of works.

SANDBLASTING & PAINTING & TANK CLEANING SERVICES

SANDBLASTING

Ebemglobal Ghana Limited provides the latest, most efficient, eco-friendly methods for surface preparation and cleaning. With our service, we can efficiently remove paint, rust, stains, mold, grease, graffiti, dirt, and grime from metal, fiberglass surfaces. If you have a surface that needs to be cleaned, stripped, or sanded before repainting or refurbishing, our team can handle it! Let us prep your surface for you, saving you from all the hard, tiring, dirty sanding, grinding, and wire-brushing.

PAINTING SERVICE

We also provide painting and coating services for materials, parts, and quality industries precision metal fabrication services. Most of all we value quality, so all metal welding services for oil and gas plants and more are distinguished by high-quality materials and the professionalism of our employees. Therefore, if you need painting or surface coating, you can contact us for assistance in commercial painting. Coating, among other things, helps to reduce your costs in any construction project, prevents corrosion, and brings with it many other pleasant advantages.
